

**Dr Marcin Płodzień and dr. Alexander Lau are beneficiary of programs financed by NAWA**

Dr. Marcin Płodzień has received funding from Bekker Program financed by NAWA for a two year postdoctoral visit in Quantum Optics Theory group led by Maciej Lewenstein at ICFO (Barcelona), starting on October 2021. Project title is „Quantum Simulators of open quantum systems and non-equilibrium topological matter”

Dr. Alexander Lau has received a NAWA grant as part of the Ulam Programme – Seal of Excellence. He is one of the five beneficiaries of this program.
