

Results for ETIUDA 8, NCN competition were announced,

The funds were granted for:

mgr inż. Jan Adrian Krzywda

project entitled: **Adiabatic evolution of driven quantum systems in the presence of dissipation and noise processing spatial and temporal correlations** 126 800 zł

mgr inż. Andrzej Opala

project entitled: **Complex dynamics of nonlinear modes of exciton-polariton condensate** 163 656 zł

Congratulations.
