

The National Agency for Academic Exchange accepted the Institute's application submitted under the "Solidarni z Ukrainą 2022" program, and we were awarded money for scholarships for Ukrainian students to complete work on a doctorate.

The scholarship is PLN 1,500 / month and may be awarded until September this year inclusive. Therefore, please propose potential candidates who would like to work on a doctorate in the Institute of Physics.

The NAWA "Solidarity with Ukraine" program refers to people who:

- were already PhD students in Ukraine in 2021/2022
- came to Poland only on 24 February or later.
