

In accordance with the guidelines contained in the latest version of the Council of Ministers of December 21, 2020 on the establishment of restrictions, orders and bans in connection with an epidemic, until January 17, no more than one person per 15 sq m of the room may stay in a room accessible to people using the library's collections, excluding librarians (this applies to both the lending room and the reading room and a book magazine). Before entering the library, information about the limit of people is posted and measures are taken to ensure compliance with it.

Please use hand sanitizer / protective gloves available in the library.

To avoid exceeding limit of people, set a date for collecting the book at the library or sign a clearance slip at a specific time.

The returned books will be still quarantined for three days - they will be put on separate shelves in the storage room, marked with the date of return and excluded from borrowing until the end of quarantine; only after this period they will be put back into service.
