## FIRST ANNOUNCEMENT

Dear Colleague,

We would like to invite you to participate in the 40th "Jaszowiec" International School and Conference on the Physics of Semiconductors. It is a continuation of the annual meetings that have been gathering international semiconductor physics community in Poland since 1970. The "Jaszowiec" School and Conference in 2011 will be organized in the beautiful mountain resort **Krynica-Zdrój, on June 25<sup>th</sup> – July 1<sup>st</sup>, 2011.**

The scope of "Jaszowiec" meetings involves all research fields in the semiconductor physics, including technology, experiment, theory and modeling. The Special Tutorial Session (School) in semiconductor physics will take place just before the Conference, during the weekend of June 25th-26th, 2011. School will contain four 3-hours long lectures on currently important topics presented by respected experts in the fields. In the Conference part, overviews of recent achievements in semiconductor physics will be presented by invited outstanding researchers in a series of plenary morning lectures. The contributed papers of the conference attendees will be presented in the form of oral and poster presentations during evening sessions.

### **Abstract submission deadline is 4<sup>th</sup> of April, 2011**

On June 30<sup>th</sup>, the last day of the Conference, the symposium "Physics and modeling of devices" will be held.

Official language of the School and Conference is English.

Sincerely yours,

On behalf of the Organizing Committee

Chairman of the Conference

Secretary of the Conference

Czesław Skierbiszewski
