

SEMINAR ON MAGNETISM AND SUPERCONDUCTIVITY

We kindly inform You that on **Wednesday**

March 13th at 10:00

there will be a **seminar in room 203, building I**

where

Dr. hab. Aleksander Wittlin

(Institute of Physics PAS)

will deliver a lecture on:

“Hole superconductivity”

I shall outline some aspects of J.E. Hirsch's "alternative" description of superconductivity, and will discuss present experimental situation.

The seminar will be given in Polish on-site in room 203, though the ZOOM transmission will be available - link is provided on the IP PAS website.

We sincerely invite You

**Roman Puźniak
Andrzej Szewczyk
Henryk Szymczak**
