

Institute of Physics of the Polish Academy of Sciences

OPEN POSITION

Job ID: #JOB 53/2023

Job Description

Job Title: Professor, group leader and head of scientific division

Job Summary: The Professor will be the leader of the Group of Theory of Topological Matter ON6.1/MagTop involved in the study of topological materials in cooperation with the experimental group of ON6. Continuation and development of ON6/MagTop activity described in [its agenda](#). He will also serve as a head of ON6 Division.

Job Description: The [International Centre for Interfacing Magnetism and Superconductivity with Topological Matter - MagTop](#) is the Division (ON-6) of the [Institute of Physics, Polish Academy of Sciences](#) and is aimed to be the unit that will continue the activity of the MagTop center funded by a grant awarded to Professors [Tomasz Dietl](#) and [Tomasz Wojtowicz](#) within the International Research Agendas programme of the Foundation for Polish Science, carried out from the funds of the European Regional Development Fund under the Smart Growth Operational Programme (SG OP), Priority Axis 4: Increasing the research potential, [Measure 4.3: International Research Agendas](#). Researchers in the ON6.1 Group, by using effective Hamiltonian, empirical tight binding, and ab initio methods, will develop theories of topological matter aiming at inspiring materials development teams as well as help in the interpretation of experimental results. The Group leader is expected to supervise PhD theses. Group members will also collaborate with industry, VIGO Photonics in particular, on the band structure of multi-layer heterostructures that can be applied to the construction of detectors.

Main research field: Physics

Sub Research Field: Condensed Matter Physics

Profile of candidates for the position:

1. Scientific title of professor in physics
2. Relevant scientific experience in the area of theoretical studies of topological matter documented by publications
3. Experience in leading a research group and division
4. Experience in acquiring and leading large research projects
5. Formal possibility to supervise PhD thesis
6. Fluent spoken and written English

Career Stage: Experienced researcher

Research Profile ([details](#)): Leading Researcher (R4)

Type of Contract: employment for an indefinite period, starting on January 1st, 2024

Status: Half-time

Salary: up to 4 050 PLN gross per month (approx. 880 € per month) for half-time employment.

Contact

All queries should be sent to Prof. Roman Puźniak: director@ifpan.edu.pl. Please mention the Job ID in the subject.

Application details

Application deadline: November 20, 2023, later applications will be not considered.

Required materials:

- Detailed CV (up to 3 pages)
- List of publications
- Motivation letter including the outline of a research plan for the nearest years.
- Proof of scientific title of professor
- Contact data (e-mail address) to at least two potential referees
- A statement by the candidate of consent to the processing of personal data for the purposes of recruitment

All materials should be submitted in electronic form to the address: rekrutacja@ifpan.edu.pl with the Job ID in the subject.

DATA PROCESSING UNDER CONSENT FOR THE PURPOSES OF RECRUITMENT

Under Art. 13 sections 1 and 2 of the Regulation of the European Parliament and of the Council (EU) 2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Resolution), EU OJ L 119 of 04.05.2016, page 1, as amended, hereinafter referred to as "GDPR", we hereby inform as follows:

1. The Data Controller of the provided personal data is the Institute of Physics of the Polish Academy of Sciences, Al. Lotników 32/46, 02-668 Warsaw, phone (22) 116-2111, e-mail director@ifpan.edu.pl.
2. Contact details to the Data Protection Officer are as follows: e-mail iodo@ifpan.edu.pl
3. Your personal data shall be processed for the purpose of carrying out the recruitment process for the position of professor, group leader.
4. Processing of your personal data in scope of: full name, date of birth, correspondence address, information about education and course of past employment shall take place under Art. 22¹ § 1 of the Act of 26 June 1974 - Labour Code. In the scope in which you sent to us more personal data than indicated above, we process your data under the consent granted by you.
5. Your personal data shall be stored for 1 month from completion of the recruitment process. If you grant consent for processing of personal data for future recruitments, we shall process your data until withdrawal of the consent by you, however, no longer than for the period of 6 months from the day of submittal of the application by you.
6. Provision of the abovementioned data in the scope indicated above is a statutory requirement resulting from Art. 22¹ § 1 of the Act of 26 June 1974 - Labour Code, in the remaining scope it is voluntary. Failure to provide the data referred to in Art. 22¹ § 1 of the Act of 26 June 1974 - Labour Code precludes consideration of your candidacy for the offered position.
7. You have the right to access your personal data, to rectify them, erase them, restrict their processing.
8. You may submit a complaint to the Inspector General for the Protection of Personal Data.
9. You have the right to withdraw the consent to process your personal data in the scope in which they were provided at any time. Withdrawing the consent does not affect the lawfulness of processing carried out on the basis of consent before its withdrawal.

Consent content:

⇒ I grant my consent to the Institute of Physics of the Polish Academy of Sciences to process my personal data contained in the sent recruitment documents for the purpose of carrying out the recruitment process for the position of professor, group leader.

If you want us to consider your candidacy also in the future recruitment processes, please grant the additional consent:

⇒ I grant my consent to the Institute of Physics of the Polish Academy of Sciences to process my personal data contained in the sent recruitment documents in future recruitment processes taking place during 6 months from the day of appearance of this job advertisement.
